The colourful wall mural at the community centre. Frasers Property Australia development director Warwick Dowler said they wanted to create a sense of belonging by delivering a space that is "accessible, inclusive and safe".

'Just brilliant': Centre for community

A BRAND new, fully-equipped 200-square metre community centre is now available for Ed.Square residents to hold local events.

Frasers Property Australia officially opened the space last month with the first event seeing residents take part in a community art project.

The community centre has a large central meeting space with board games and event services, a fully-equipped commercial kitchen with cooktop and an office space where people can register for community events and activities. The centre will host regular events including

book clubs, parents' nights, meet your neighbour nights, kids' workshops and resilience nights.

Local resident Daniela Markovic said she and her young twin daughters had been eagerly awaiting the centre's opening.

"It's just brilliant," she said.

"The facilities are just beautiful - really, really nice - and it's a beautiful large space. I can't fault it, everything is here that you need - kids' area, toilets, air conditioning, and kitchen.

"It will be a great place to bring people together."
