# Welcome to Shellharbour

AN ENDLESS SUMMER LIFESTYLE

Shellharbour Aerial

## A VIBRANT, COASTAL DESTINATION

Shellharbour is perfectly positioned on the South Coast of NSW, that has that laid back lifestyle that has to be experienced to be believed. We've been blessed with a beautiful location between the picturesque Illawarra Escarpment and the blue expansion of the Tasman Sea.

The choices of fun and relaxation are only limited by your imagination and energy levels, regardless of the time of year. Our big waterpark of ocean and lake offers you endless fishing options, swimming, boating, snorkelling, stand up paddleboarding or take a surf lesson at 'The Farm'.

A little inland and you can stroll through nature reserves and hike along bush trails

through the national parks or take a brisk plunge under a waterfall. Enjoy leisurely cycling on coastal shared pathways, or on a golf buggy to test your skills on our scenic golf courses.

For a little more man-made action you can put your foot down behind the wheel of an indoor go-kart. Or you can sit in the pilot's seat of an F-111 fighter jet or walk the wing of the record breaking Qantas 747-400 at the HARS Aviation Museum.

All this laid back activity and fresh air can really tune up the taste-buds and appetite. Which is just as well, as we have some of the best restaurants and cafes on the coast. There's nothing like a fresh, locally caught seafood feast and

a bottle of chilled white to round off the day. Or maybe as the beginning of a long lazy lunch.

Afterwards, you can settle back in the comfort of any one of our many hotels, motels, holiday houses, boutique 'B&B's or holiday parks. Whatever you choose, you'll always feel at home.

Not forgetting, one of our very best features is that we're only an easy hour's drive from Sydney.

So, come for a visit – we look forward to welcoming you.

# Beaches & Lake

PLENTY OF H2OH-YEAH

The Farm, Killalea Reserve

## ESSENTIAL EXPERIENCES

- ♥ Enjoy sun, sand and surf at one of our five golden beaches
- ♥ Hire a stand up paddleboard and experience Lake Illawarra
- ♥ Take a kayak tour of Minnamurra River
- ♥ Catch your first barrel during a surf lesson with a local surf school at the 'The Farm' – a National Surfing Reserve within Killalea Reserve
- ♥ Drop a line at any of our exceptional fishing spots or hire a tinnie and enjoy a day on Lake Illawarra
- ♥ Try your luck at prawning, a special activity that is very popular in the summer months at Lake Illawarra
- ♥ Take a stroll around the shores of Lake Illawarra and explore the Art Trail

## SO, HOW DO YOU LIKE YOUR WATER?

With a dash of swell, maybe some bubbles, or do you just like it nice and still? Well, whichever way you prefer your H<sub>2</sub>O, ours comes with a lot of oh yeah as well, if you get our drift.

In our 100% natural, free-range, no preservatives added, fully organic water world, you'll find nice long stretches of sandy beaches just made for strolling about or catching a few rays on. Or if

you like to catch a few, we've also got beaches (like our famous Farm) that comes with reeling waves to test your aerial skills. But if you prefer it nice and quiet, in the company of fish, then the snorkelling at Bushranger's Bay will take your breath away. Or at least make you hold it longer than usual.

We've also got this lovely, big, blue, family friendly bathtub of a lake that's

absolutely ideal for some casual fishing and prawning or leisurely kayaking, stand up paddle boarding or sailing.

If you're a boatie and planning to bring your own, we have plenty of public ramps for you to access the lake and sea. Or if you'd rather have somebody else do all the heaving and hoving and steering and stowing, you can go out on a fishing charter or hire a tinny.

# Parks & Nature

100% NATURAL, TOTALLY AWESOME

Macquarie Pass National Park

## ESSENTIAL EXPERIENCES

- ♥ Lace up your hiking boots and discover walking trails at Macquarie Pass National Park
- ♥ Enjoy a coastal walk at Killalea Reserve
- ♥ Scuba dive or snorkel into the spectacular aquatic reserve of Bushranger's Bay at Bass Point
- ♥ Pack a picnic and enjoy the nature of Blackbutt Reserve
- ♥ Dip your feet and cool off at one of the waterfalls at Macquarie Pass National Park
- ♥ At low tide head over to Windang Island and explore the rock platforms

## TAKE A DEEP BREATH

Getting back in touch with nature is the ideal antidote to hard-faced, hectic living. It's free and you don't need a prescription to get a little peace and quiet, clear the head, wake the senses, smell the eucalypts and listen to the birds. All of which you get in spades around here, in fact you'll literally be surrounded by it.

The beaches on your doorstep are the sandy paths to the serenely green rainforest of Bass Point Reserve. It's here you discover that getting tranquil can also give you quite a buzz when it's mixed with magnificent ocean views.

Looking down at the sparkling Bushranger's Bay and Maloney's Bay is a

real shot of pleasure for tired eyes. But be warned, you may be enticed to do more than look and end up ducking your head under. After all, divers come from around the country to get an eyeful of the beauty beneath.

We also have another natural gem in Killalea Reserve. Here you can relax for a barbie day or camp overnight, in native bushland that comes right down to one of the best surf beaches on the coast.

Nearby is the very family friendly Blackbutt Forest Reserve which has the last remaining, original coastal plains forest in the region. It has plenty of barbie sites and walking tracks, as well as playgrounds for the kids.

If you like a little awesome with your nature, then a few clicks inland from here and you're in Macquarie Pass National Park, where you'll find the majestic Illawarra Escarpment. A truly, in your face, dramatically beautiful range of cliff faces, timbered ridges and rainforest gullies. Add some splash with a stroll along the Cascades Rainforest Walk featuring (you guessed it) a dramatic waterfall, or take the Glenview Track (on foot only, no cars) across the creek that looks down over the waterfall.

When it comes to nature, getting a little whoa-look-at-that with your feeling-so-chilled-out is just another of free perks of being here.

## HOLIDAY FOR FUN

Taking a holiday here is like taking a big step back to a time when the simple pleasures of life were both simple and shared. A time before digital devices took over our conversations and imaginations. Here, you can unplug from them and reconnect with each other in our natural amusement park.

Is there anything simply more enjoyable than the great outdoors? Why not take in the spectacular coastline from our extensive cycleways or drop a line and expect to catch some fun. Tackle some of the more adventurous activities such as learning to surf, go karting, stand up paddleboarding, walking on the wing of a Qantas Boeing 747, scuba diving or meandering a little further to visit Jamberoo Action Park or the Illawarra Fly Treetop Walk. You can also explore our museums or take a self-guided walk of our historic and heritage trails.

If you start feeling like you're getting too laid back, you can always add a dash of daring to your family day by leaving the ground altogether, and joining the birds in the clouds on a scenic flight in a helicopter, for a seagull's view of our backyard. Or you can jump out of the plane altogether, in a tandem jump with the region's only skydiving operation. You can also get behind the wheel (well, controls anyway) of a plane by taking flying lessons with NSW Air.

Coming here you'll find out just how much fun you have in you.

CHECK OUT THE NEIGHBOURHOOD

Grand Pacific Drive

## SPECTACULAR DRIVES

We love it when people come to visit and we want them to stay forever, but we really like our neighbourhood too, so we'd like you to check it out while you're here, because there are a lot of interesting things to see and do.

Shellharbour is located along the **Grand Pacific Drive**...a scenic 140km coastal drive that commences at the entrance of the Royal National Park and meanders south through Wollongong and the coastal villages of Shellharbour and Kiama before ending at Shoalhaven.

Follow the signs to assist in your scenic adventures.

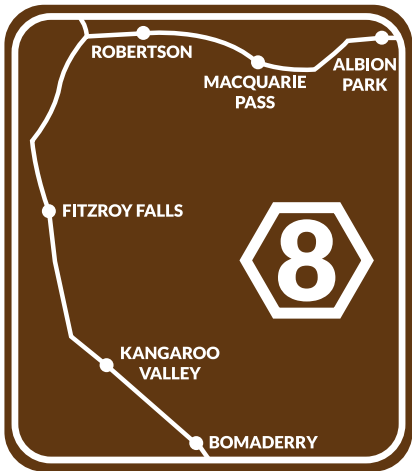

Doing a lap of the neighbourhood along **Tourist Drive 8** (Illawarra Highway) will take you west of here, through Albion Park and the ruggedly beautiful Macquarie Pass National Park where you can stop to view the Cascades Waterfall before heading up to Robertson in the Southern Highlands. This place is known for its' famous pie shop and antiques. It's also where the film Babe was made.

A short drive from here gets you to the spectacular Fitzroy Falls, a brilliant 230 metre high natural fountain of white water. A little further down the road and you'll find yourself in the picture-postcard village of Kangaroo Valley surrounded by ruggedly beautiful mountains and bushland. It's got a great pub with views of the valley and mountains.

Just out of the village is the historic Hamden Bridge with its imposing stone turrets, the oldest (and obviously built to last) suspension bridge in the state. Driving across it gives you a sense of the past and fantastic views of the river below.

Heading south along the valley you come out at Bomaderry where you can cross the river into Nowra or head north through cute-as-a-button Berry and onto Kiama where you can get a spray from the famous Blow Hole. You're then just a short drive back here, where you can enjoy another great meal and have another good night's sleep.

Tomorrow is another day and another adventure.

# Shellharbour's History

## WHERE WE BEGAN

Shellharbour Harbour

## EXPLORE OUR PAST

Shellharbour's rich history and heritage is here for you to explore. From indigenous communities dating back many thousands of years to European settlement and rapid growth through land grants and agriculture.

Indigenous occupation of the area, particularly of Bass Point, can be traced back to 17,000 BP. The local Aboriginal people are custodians of the

Illawarra, and speak a variant of the Dharawal language.

The Aboriginal name for Shellharbour has been recorded as both Yerrowah (meeting place), and Wonwin (place where there were big fish).

The first land grants issued in Shellharbour were 13,050 acres known as the Peterborough Estate (later named Shellharbour), and 2,000 acres known as

the Terry's Meadows Estate (later named Albion Park). These estates opened up the area to European settlement, with families coming here to work the land.

Caroline Chisholm brought 23 families to settle at Shellharbour on clearing leases in 1843, this allowed settlers to live on the land rent free for six or seven years on the condition they clear the land of all trees and scrub for future farming.
