

BROOKHAVEN

Where families thrive.

COMMUNITY DEVELOPMENT PLAN

2020

Introduction

At Frasers Property Australia, we care about creating real places for real people. That's why we've created this Community Development Plan for Brookhaven. The plan sets out a series of key objectives to enhance community connectedness at Brookhaven. Our vision is to establish a thriving, self-sustaining and liveable place for our residents through leadership, engagement and education.

OBJECTIVES OF THE BROOKHAVEN COMMUNITY DEVELOPMENT PLAN

1 / Facilitate community connectedness

- a / Help residents get to know their neighbours.
- b / Support the establishment of a community group.
- c / Provide opportunities that meet the needs of the local community.

2 / Promote active healthy lifestyles

The Community Development Manager (Frasers Property Australia) will be initially responsible for implementing the Community Development Plan. As the community grows, members of the community and/or other stakeholders will be encouraged to take ownership of the Plan and adapt it to meet future needs.

Monitoring and evaluation

The Community Development Plan will be updated to reflect the diverse interests/needs of the evolving community, noting their preferences for various activities and promoting community led events and programs. This requires the collaboration and support of many stakeholders and partners (e.g. council, community groups, service providers) in the local area to build the capacity of new residents and enable a strong, healthy and connected community at Brookhaven. The Community Development Plan will be reviewed annually to reflect any changes in priorities.

Frasers Property Australia's 2030 sustainability goals include the need for a consistent approach for measuring community investment and social impact. Partnerships will be sought with various providers in order to measure and determine the overall community benefit.

Our community at Brookhaven

**There are many
benefits to be
had for these
main residents
groups through
forming connected
and supportive
communities.**

A significant proportion of the Brookhaven Community are new families, who may have recently had their first child and are excited to be building their first home. The majority of these families are coming from within a 15km radius of Brookhaven.

The more established families are also familiar with the Logan area and are typically not purchasing their first home.

Young couples without children are choosing to buy into the community as they see it as the perfect location in which to grow their family. There are many benefits to be had for these main resident groups through forming connected and supportive communities.

Key features of Brookhaven

Brookhaven is surrounded by rolling hills and framed by picturesque brooks. This masterplanned community will create approximately 1,650 new dwellings and become home to approximately 4,950 future residents upon completion in approximately 2025 - 2026.

The community is ideally located between Brisbane and the Gold Coast, just 5.4km to the M1 and the Gold Coast rail line (Beenleigh train station) with easy access to a range of quality schools and amenities. The Brookhaven environment provides an idyllic backdrop for planned local parks and green space, multi-use trails for walking, running and mountain biking, community gardens, bee hives and conservation areas promoting active and healthy living.

Brookhaven priorities

NATURAL ENVIRONMENT

Just as flowing brooks appear after rain, so too will a sense of wonder come to life in those who choose to live at Brookhaven. Surrounded by a diverse range of native flora and fauna including eucalyptus trees and tea trees, here, children and adults alike will be enchanted by the landscape that is so quintessentially Australian. With over 2.7 hectares of planned local parks, 13.7 hectares of wildlife management area, 18.2 hectares of preserved waterway areas, pocket parks and even our very own bee hives.

HEALTH AND WELLBEING

Being active is important to our health and wellbeing. Brookhaven has been designed to encourage and celebrate healthy lifestyles, while making it fun and easy. Brookhaven features 4.5 kilometres of extensive multi-use paths for walking and cycling, providing connections to parks, mountain bike trails and community gardens so you enjoy the outdoors, close to your home.

SUSTAINABLE AND PROUD COMMUNITY

Brookhaven has achieved a 5 Star Green Star Communities rating from the Green Building Council of Australia, recognising its holistic set of social, environmental, economic and innovative attributes. It has a commitment to sustainability so balances safety, amenity and liveability with the stunning natural landscape, green and sustainable features such as LED street lighting, tree retention and stormwater harvesting from surrounding brooks for park irrigation.
