Child care centre plans a boost for Baldivis baby boom

Perth – 25 May 2017 – Baldivis is now one of the fastest growing residential suburbs in the Perth metropolitan area, according to recent figures from the Australian Bureau of Statistics.

Catering for the growth in young families moving into the area, plans for a new child care centre at the corner of Eighty Road and Amberley Drive within Frasers Property Australia's Baldivis Grove estate are now in progress.

The centre is being developed by the Folkestone Education Trust and will be operated by experienced child care service provider, Foundation Early Learning.

Frasers Property Australia General Manager Residential WA, Stuart Gardiner, said the new centre would cater for more than 100 children from infants to pre-kindy and be a highly sought-after addition to the neighbourhood.

"The building has been designed by award-winning architects Chaney Architecture and boasts an innovative design that will establish it as a landmark building within the estate," Mr Gardiner said.

"The development is a real sign of growth and progress within the area as we move towards a more active market and will greatly enhance the facilities already available in the immediate area.

"We've seen a large number of young couples and new families moving into our Baldivis Grove and Baldivis Parks estates, attracted by the abundance of open space, parklands and welcoming sense of community they offer.

"We expect that as these families continue to grow, so will the number of businesses and services within the region catering for their needs," he added.

The City of Rockingham issued Development Approval for the new child care centre at its meeting on 24 January. It is expected to begin operating from February 2018.
